2020-2021 Student Daily Instruction Schedule FULL DISTANCE LEARNING

Students: Please follow the bell schedule below as closely as possible to set yourself up for the most successful online learning experience possible. As with face to face classroom instruction, your teachers will determine how blocks of instructional time will be utilized to meet the needs of their lessons. ***Your attendance will be recorded from your logging into the live sessions on assigned days,*** so it is very important that you make every effort to log into courses in Canvas at 8:00, 10:00, and 12:30 every weekday, following your own specific class schedule. If you have technical difficulties and are unable to attend live, the session will be recorded and available to view at a later time. Please do not hesitate to reach out to your teachers if you need help, have questions, or are feeling overwhelmed. They are available to help you during office hours, even on the days that your class is not meeting live.

Parents/Guardians: Coronado has created the following bell schedule to assist students in being as successful as possible in the distance learning environment. We have created some consistency with years past while allowing for flexibility in cases of poor connectivity and/or family dynamics, while keeping future transition to a hybrid model in mind to limit disruption to the schedule. Please become familiar with this schedule and encourage your student to make the most of the new learning experience we are all facing. Do not hesitate to email your student's teachers with any questions, concerns, or compliments. We are looking forward to positive and exciting educational opportunities with you and your students!
